\$566.64

My monthly bonus is deposited by Vollara directly into my bank account each month. My monthly bonus is based 100% on my production and the production of the organization I have built. I am an independent entrepreneur owning my own business, working my own hours(5-10 hours per week), and building a residual income that will give me the time and financial freedom I need to do what I want to do, when I want to do it, and it allows me to support with my time and money the causes that are important to me. I am always looking for people that have this same goal for their lives, but as of yet have not found the right vehicle to make it happen. I may have some answers for you. Let's talk.
