6. This is what I did to protect my family (your story), what are you doing to protect your family. What are you doing to create a safe environment in your home?
7. Business Associate – We recommend the “Professional Protection Pack and either the 3 or 5 Pack of ASP units for your prospects to test in their home, office, etc.
8. ALWAYS get your preferred Customer and Business Associates started on S+S “I Feel Great” program. This is the foundation for your future - monthly Residual Income.
9. Show your prospects, don't sell your prospects.
10. Strong statements:
 - a. We now live in the New Normal, we must make our home (office, school, business, etc.) a safe-haven.
 - b. Make prevention your first thought, move, and prescription for a healthy home (office, school, business, etc.).
 - c. It's not about life span, it's about health span.
11. **WHY** do we share our technology, food supplements, and business opportunity? **BECAUSE** everyone deserves to have a chance to hear how they can protect their family. **THAT'S** what we do.

12. There will be another virus, probably sooner rather than later, so get prepared now to make sure your family is protected the next time by getting a Whole Home Protection Pack for your home now. It is a much better investment than new carpet in the den.
13. Vollara is for a time like this!!!!
14. A lot of people will get several families together and buy a 3 Pack or 5 Pack of ASP.
15. Your future is nothing more than a whole string of now's.
16. Hopefully, I've done a good enough job sharing this information that you now see the benefits of investing in protection for your family today and for the future.
17. Your immune system can defend you against COVID-19 and other virus and bacterial infections if you breath healthy air, drink hydrating pure water, wash your clothes without laundry detergent, and take a natural whole food fruit and vegetable supplement every day. Vollara helps you do that with much behavioral modifications.
18. We are not just a food supplement company; we have a healthy hand scanner where your body tells you what supplements it needs for maximum health. We call it personalized health screening.
19. This is what I have done to protect my family, what are you doing to protect your family.
20. Whenever anyone says or reacts to the ASP price of \$599.99, simply say, the ASP sells at retail all day long at \$1499.99. The Manufacturer could easily raise the price to \$999.99 or more any day now, so if you think you want to protect your family, I suggest you get the ASP now.
21. If anyone is concerned about the ozone in the ASP+, tell them it is only activated if they cut the ozone option on. It never produces ozone unless you choose ozone.
